

Introducing...

A guide to some of our popular products & services

DJ services...

We offer professional mobile DJs complete with smart & modern set ups who are experienced in playing for all kinds of events, especially weddings.

Our DJs will also act as host for the evening. Dress code is normally suit & tie or black tie as appropriate for the occasion. Music will be tailored for your party, ensuring a successful night...

Daytime host...

As well as the evening reception, your DJ can set up early to help out through the day. For any additional time we charge £50 per hour. This could include the popular option of covering your wedding breakfast (& even the ceremony/drinks). For example, if you need the DJ set up by 3pm, that's an extra £200. For this, we will play suitable background music throughout (ramping it up a bit between courses if you like to help create a party atmosphere), introduce you in to the room & host the speeches.

Massive thanks Andy you were amazing for our wedding day!!! Brilliant host, organiser and DJ!!! We got the LED dance floor, casino tables, DJ/daytime music & saxophonist from Andy, all were absolutely spot on!!!! Hope we haven't scarred you for life with the terrible dirty dancing lifts and under pants dance hahaha!!!! Highly recommend Andy B Events!! Xx

Pianists, Spanish guitarist & Jazz bands are all great for playing through drinks receptions, dinner dances & your wedding breakfast.

Although our favourite cool live music is from a saxophonist!

As well as providing laid back music for drinks receptions & such like, we also supply freestyle 'club' saxophonists who can play along with the DJ set throughout the evening, adding an extra dimension to the sound & creating that Ibiza/cafe Mambo vibe!

Live music...

Having the right live music for your evening reception will make a huge difference to its success. We can provide excellent cover bands, solo performers & tribute shows/acts.

Most singers will be able to perform the first dance live for wedding clients which is a really nice touch...

We also work with wedding singers who have turned the wedding breakfast into a speciality; performing throughout, acting as Master of Ceremonies & providing pre recorded music when not singing live, creating a fantastic & memorable atmosphere that your guests will talk about long after it's over!

We both can't thank you enough for you excellent service you provided for our wedding breakfast at Beeston Manor. It was exceptional. You brought the place together and made everyone comfortable with one another with your performance. I still can't stop smiling back on memories of the day. If anybody is Thinking of booking this truly amazing performer for their wedding day I 100% recommend. Believe me you will not be disappointed. Again thanks Paul for making our wedding day that extra bit special. Top guy!!!

I cannot thank Andy B enough for helping make our wedding day so special. We booked Andy to be our master of ceremonies during the day and our evening DJ, he was excellent at both, he helped the day run smoothly and then got the party started in the evening. We booked the light up dance floor which looked amazing at Beeston Manor. I also booked Maxine the harpist to play during my ceremony, she was magical & played all the songs I wanted, nothing was too much trouble! Finally we booked the very talented magician Jason, he was amazing, I've had so many of our guests saying how good he was. My little boy is still talking about the tricks he did for him! Andy was so easy to work with, always friendly and professional. If you want a one stop shop for your wedding entertainment then you won't be disappointed. Thanks Andy x
